

GLENEALY PLANTATIONS SDN BHD

Safety and Health Policy

It is our policy as a responsible and sustainable palm oil producer, our company is committed to ensure a safe and healthy working environment for all our employees in our daily operations. It is required that manager, supervisor, employees and employers consider safety as a joint responsibility.

To achieve this objective, we will strive to:

- Minimize risks of any accidents, occupational diseases and assets losses.
- Provide adequate welfare and recreational facilities for our employees.
- Ensure safe work practices at all time, including the usage of Personal Protective Equipment.
- Ensure staff are adequately trained in safety and health.
- Develop individual responsibilities for safety and health.
- Comply with the legislative requirements.
- Promote continuous improvement on safety and health standards by executing corrective action programs.
- Maintain appropriate controls, including periodic reviews through proper safety and health management system.

Through active awareness and co-operation of all employees, our company believes the safest and healthiest occupational conditions can be attained.
